WHAT ARE THE DIFFERENCES BETWEEN 'FULLY CATERED' AND 'EXPEDITION' MODES?

'Fully catered' means everything will be ready for you, so that all you need to worry about is paddling from one island to the next one, in which food, cold drinks, shaded areas and a ready-to-use kitchen will be waiting for you.

'Expedition' mode means pure adventure. We load all our equipment in our kayaks and everybody cooperates to set up the kitchen, the camp and to prepare delicious local dishes.

**Wind is a very common factor in Baja California Sur. If you decide to do this trip, you should consider that paddling with wind might be a possibility. Sometimes, the sea can be too rough for paddling. If this is the case, itineraries and locations could vary.*

SUMMARY:

The expedition to the San José Archipelago is like no other. Here you will find pure adventure for 8 days in one of the most pristine places in Baja California Sur. It is a unique route that visits various islands, each of which is a different example of the rugged beauty hidden in the Sea of Cortez, fascinating to discover in a kayak. Among the most important attractions of this trip are the remote beaches, the incredible opportunities for snorkeling, kayaking through mangrove channels, dolphin and bird watching, the fishing community that inhabits a small island called 'El Pardito,' and the untamed landscapes of the region.

SUMMARY:

Exploring the Magdalena Bay channel in a kayak is one of the best experiences you can have in Baja California Sur. An 8-day expedition that will allow you to see and get up close and personal with the marine megafauna of the region, such as sea lions, whales, dolphins, and of course, the whale shark. All this while we navigate the Magdalena Bay channel and explore its mangrove labyrinths and white dunes. This trip can be done from January to March since the bay is the breeding ground for gray whales.

SUMMARY:

This 4-day excursion is an excellent introduction to sea kayaking, and packs the best destinations and activities on the most beautiful island in the Gulf of California into a short time.

On this trip, we paddle for about 3 hours daily, discovering a new beach each day to set up camp. When we are not paddling, we take hikes inland on the island, exploring canyons with astonishing rock formations and fascinating flora. Snorkeling is a constant throughout the trip, and we are always amazed by one of the most diverse “natural aquariums” in the world.

An experience that must be lived at least once in a lifetime. Our most iconic expedition where we paddle for 7 days around the island in sea kayaks. During this week of adventure, immerse yourself in one of the most beautiful islands in Mexico, where every day we paddle to a different beach to set up our camp, go on hikes, snorkel, and learn about the local flora and fauna. Every evening, enjoy a happy hour and regional and national meals.

LORETO - LA PAZ EXPEDITION

100 MILES OF KAYAKING THROUGH NATURE
ACROSS SOME OF THE MORE PRISTINE COASTAL
LANDSCAPES OF BAJA CALIFORNIA SUR.

Trip duration	12 days
Days paddling	10 days
Minimum age	16 years old

**Wind is a very common factor in Baja California Sur. If you decide to do this trip, you should consider that paddling with wind might be a possibility. Sometimes, the sea can be too rough for paddling. If this is the case, itineraries and locations could vary.*

SUMMARY:

This expedition explores the most scenic part of the coast between Loreto and La Paz. During our 10 days of paddling, we have the spectacular Sierra de la Giganta as our backdrop; sheer vertical cliffs hundreds of meters high that plunge directly into the sea. The beaches are incredibly beautiful, and many have unique hikes. For hundreds of kilometers, there are only a few fishing hamlets, so the coasts have very little human presence. There are impressive sites for snorkeling, and seeing dolphins is almost guaranteed. With some luck, we will see whales in the distance, and we will be able to fish dinner for everyone.

ESPÍRITU SANTO SUNSET

MOST BEAUTIFUL ISLAND.

This trip is the perfect opportunity to try a sea kayaking excursion on Espiritu Santo Island in just two days and one night. If you have never camped before, this can be an excellent opportunity and a fantastic introduction to sea kayaking. This short trip allows enough flexibility to choose the amount of activity you want to do and to adapt the itinerary to your liking.

COASTAL EXPLORATION

A FULL DAY EXPLORING SEA LIONS AND BIRDS
COLONIES, COASTAL MANGROVES AND PRISTINE
BEACHES.

Trip duration	1 day
Minimum age	12 years old

**Wind is a very common factor in Baja California Sur. If you decide to do this trip, you should consider that paddling with wind might be a possibility. Sometimes, the sea can be too rough for paddling. If this is the case, itineraries and locations could vary.*

SUMMARY:

A whole day allows you more time to explore this untouched place between the beaches of Pichilingue and Tecolote. We paddle a bit further up the coast, reaching the magnificent Bay of Balandra. Here the sea is like a pool, turquoise blue, and has no less than seven bays with white, sandy beaches. Completing the picture are volcanic red mountains that contrast with the blue of the sea and the sky.

We will choose our own beach and relax with a delicious lunch and cold drinks. In the afternoon, we will continue paddling, stopping several times to snorkel ~ we will show you our secret spot; a small cave that you can only reach by kayak, and a wonderful snorkel in the middle of volcanic rocks with underwater bridges you can swim under. Don't miss this experience if you like activity and want to learn or improve your kayaking skills.
